MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence
Acting Deputy Director for Intelligence
Director, Intelligence Community Staff

FROM: [redacted]
Chairman, DCI Strategic Arms Monitoring Working Group

25X1

SUBJECT: Compliance Gameplan Paper [redacted]

25X1

1. This "fast-track" memorandum is informational unless you care to issue guidance to alter the work for US intelligence described below in paragraphs 5 and 6. [redacted]

2. Attached is a copy of the Compliance Gameplan Paper which was prepared for the Senior Arms Control Policy Group (SACPG). The transmittal memorandum accurately set the stage for the SACPG discussion of this issue on Thursday. [redacted]

3. There are several portions of this paper which affect US intelligence the most; namely,

-- Section II, beginning on page 1, which describes what the Soviets have done. This text is not perfect, but it is close enough for the policy people to get engaged. In that text, I have used the phrase "the DCI" to get the substantive judgments of all of US intelligence into the paper and, on policy issues, to place the Director where I think he will want to be. Both uses are ad referendum; everyone else's views are equally so.

-- Section III, beginning on page 10, where the interagency work to be completed is listed, and particularly the set of papers to be done on page 12.

-- The Public Affairs issue, on page 15, which almost surely will lead, in due course, to more requests for sanitization or declassification of intelligence materials. [redacted]
